

This is a project update for the Cowles Street Project effective August 6, 2009.

Cowles St and 21st Ave

- Curb and Gutter has been installed on 21st Ave and work will continue once the weather permits
- Please avoid concrete work zone
- Please be extremely cautious as equipment and workers will be in the road area
- Cowles, 23rd to 19th Ave, continues to be closed to through traffic
- Residential and Business access will be maintained during this time
- Detours are set up during this period, directing traffic around the closed area

19th Ave and Cowles St Intersection

- Eastbound traffic (headed towards South Cushman) has been shifted into turn lanes
- Westbound traffic remains in its normal lane, but drivers should be cautious
- The four way stop remains in effect
-

Travelers should use extra caution and be alert when in and around the construction zone

- Detours and traffic patterns change
- Watch for pedestrians, especially children during summer recess
- 21st Ave and Cowles St are unpaved so speeds should be kept down for safety

H C Contractors Inc. is working around the Cowles St Project limits. Please direct any questions or concerns about the H C project to their office at 455-6667.

If you have any ADA concerns about the Cowles St Project please contact Exclusive Paving or DOT&PF.

THANK YOU FOR YOUR PATIENCE!
